GAMI CORPORATION INDONESIA

INDONESIAN COCONUT PRODUCTS

Virgin coconut oil, shell charcoal, fresh coconut and derivatives, traded from independent producers in Kalimantan.

COCONUT TRADING COMPANY

PT GAMI MARINE INDONESIA

Trading and export company · Pontianak, Indonesia

WHO WE ARE

Coconut trading, made simple.

GAMI Corporation (PT Gami Marine Indonesia) is a trading and export company in Pontianak, West Kalimantan. We are not a producer or manufacturer: we source goods from independent coconut producers and traders in Kalimantan, and supply them to your specification.

Tell us what you need

Product, form, quantity, destination and intended use.

We confirm with the producer

Availability, specification and packing, with photos or video of the actual goods.

Sample, then order

Paid samples first; shipment after proforma invoice and deposit.

OUR ROLE

We are the trader and your single contact for quotation, proforma invoice, documents and shipment. The goods are produced and packed by independent suppliers.

Food, cosmetic and supplement uses require the buyer’s own regulatory review for the destination market.

PRODUCTS ON REQUEST

Coconut products we can supply.

Availability, grade and packing are confirmed per inquiry.

Virgin coconut oil

Wellness, food, cosmetic and private-label use. Retail bottles or bulk.

Coconut shell charcoal

Raw lump charcoal for briquette makers, BBQ and industrial users.

Fresh / young coconut

Foodservice, beverage and ingredient buyers. Shipping method agreed per order.

Copra, coir, coco peat

Oil mills; horticulture and growing media.

COCONUT SHELL CHARCOAL AT A GLANCE

SUPPLIED	TYPICAL BUYERS	NOT SUPPLIED
Raw lump coconut shell charcoal	**Briquette makers, BBQ and industrial users**	**Pressed briquettes, cubes, shisha charcoal**

Quantity, grade and packing are confirmed per inquiry. Photos of the actual goods and paid samples come before any deposit.

SPECIFICATION

What we confirm before you order.

Values are agreed per product and lot with the producer. As a trader, we do not process the goods ourselves; independent lab testing is arranged on request.

Virgin coconut oil

Moisture, free fatty acids, peroxide value, appearance and aroma, pack (bottle, drum or IBC).

Shell charcoal

Raw lump form, size, moisture, ash, fixed carbon, calorific value, pack weight.

Fresh coconut

Size grade, maturity, husk condition, packing and transit time.

Copra / coir

Moisture, foreign matter, aflatoxin (copra), EC and compression (coco peat).

BEFORE ANY DEPOSIT, YOU RECEIVE

1

Photos or video

of the actual goods

2

Lot specification

as stated by the producer

3

A paid sample

available at cost

4

Independent lab test

arranged on request

We trade the goods as produced. The specification is that of the producer’s lot, agreed in writing before shipment.

HOW TO ORDER

A simple, written process.

We work request-first: nothing is bought or shipped until the specification, price and payment terms are agreed in writing.

1. Inquiry

Send the material or species, form, quantity, destination and documents needed.

2. Confirmation

We confirm availability, specification and packing with the producer and send photos of the actual goods.

3. Proforma invoice

Price, incoterm, lead time and validity in writing.

4. Payment

T/T: 50% deposit; 50% balance before shipment (sea freight: against original B/L).

5. Shipping

Packing, documents and tracking. Samples are available at cost.

WHO DOES WHAT

GAMI Corporation (trader)

Quotation, proforma invoice, producer confirmation, documents and shipment tracking.

Independent producer

Produces and packs the goods to the agreed specification.

Buyer

Provides destination requirements and carries out its own regulatory review for the destination market.

Destination-market requirements (food safety, plant or product certificates) are checked with the buyer before quoting.

Start your coconut inquiry.

Send the product, form, quantity, destination and documents required. We reply with availability, price and sample options.
