GAMI CORPORATION INDONESIA

INDONESIAN BOTANICAL INGREDIENTS

Herbal, cosmetic and tea raw materials, sourced on request from Indonesian suppliers.

BOTANICAL SOURCING

PT GAMI MARINE INDONESIA

Sourcing and export trading · Pontianak, Indonesia

HOW WE WORK

One contact for Indonesian botanicals.

GAMI Corporation (PT Gami Marine Indonesia) is a sourcing and export trading company in Pontianak, West Kalimantan. We work with a network of Indonesian suppliers and licensed export partners, and handle specification, packing, documents and communication in English.

Tell us what you need

Product, form, quantity, destination and intended use.

We confirm with the supplier

Availability, specification and packing, with photos or video of the actual goods.

Sample, then order

Paid samples first; shipment after proforma invoice and deposit.

Food, cosmetic and supplement uses require the buyer’s own regulatory review for the destination market.

SUPPLIED BEFORE

Dried noni leaf, already shipped.

Small-lot international shipments, with form and packing agreed per order.

Dried noni leaf (Morinda citrifolia)

Supplied to buyers in South Korea and the United Kingdom.

Forms and use

Whole, cut or powder, for herbal tea and botanical ingredient programs. Retail-ready packs available, as shown.

Specification and samples

Moisture target and packing are agreed per order. Photos of the actual goods and paid samples are provided before any deposit.

COSMETIC RAW MATERIALS

Butters, oils and seeds for natural cosmetics.

Target specifications come from supplier sheets and are confirmed by lot. Lab testing is arranged on request.

Tengkawang (illipe) butter

Shorea stenoptera, Borneo. Seasonal harvest: pre-order.
FFA max 3%, moisture max 0.5%, melting point 34–38°C.
20/25 kg carton, food-grade liner.

Tamanu nuts (nyamplung)

Calophyllum inophyllum, dried whole nuts for cold-pressed oil.
Moisture max 7%, foreign matter max 2%.
25/50 kg PP or jute bags.

Candlenut (kukui)

Aleurites moluccanus, peeled or shelled nuts.
Moisture max 5%, broken nuts max 5–10%.
10 kg carton or 25 kg PP bag.

Patchouli oil and leaf

Pogostemon cablin. Oil: PA min 28–30%, acid value max 8.0.
Dried leaf: moisture max 12–15%.

Origin and harvest documents are provided on request. Food, cosmetic and supplement uses require the buyer’s own regulatory review for the destination market.

HERBS AND TEA

Dried leaves and herbs for tea and extraction.

Sun- or oven-dried. Cut size, moisture target and pack weight are agreed before ordering. Citronella (C. nardus) is a separate product, on request.

Lemongrass

Cymbopogon citratus. Cut 2–5 cm.
Moisture max 10–12%, foreign matter max 1%.
25/50 kg PP bag.

Centella (gotu kola)

Centella asiatica. Whole or chopped.
Moisture max 10%, foreign matter max 2%.

Moringa leaf

Moringa oleifera. Leaf or powder, mesh 80–100.
Moisture max 8%, foreign matter max 1%.

Dried turmeric

Curcuma longa. Slices or powder.
Curcumin 3–5% by grade, moisture max 12%.

Food, cosmetic and supplement uses require the buyer’s own regulatory review for the destination market.

ON REQUEST

Need another botanical?

Send the brief below. We check suitable Indonesian supply and reply with availability, price and sample options.

Herbs and leaves

Pandan, bay leaf, betel leaf, guava, kaffir lime, turmeric leaf.

Roots, spices, flowers

Ginger, galangal, cinnamon, cloves, roselle, butterfly pea, jasmine.

Cosmetic inputs

Aloe powder, botanical powders, extracts and oils.

Brief: material · botanical name · intended use · form · moisture · pack weight · quantity · destination · documents needed.

HOW TO ORDER

A simple, written process.

We work request-first: nothing is bought or shipped until the specification, price and payment terms are agreed in writing.

1. Inquiry

Send the material or species, form, quantity, destination and documents needed.

2. Confirmation

We confirm availability, specification and packing with the supplier and send photos of the actual goods.

3. Proforma invoice

Price, incoterm, lead time and validity in writing.

4. Payment

T/T: 50% deposit; 50% balance before shipment (sea freight: against original B/L).

5. Shipping

Packing, documents and tracking. Samples are available at cost.

Food, cosmetic and supplement uses require the buyer’s own regulatory review for the destination market.

Start your botanical inquiry.

Send the product, form, quantity, destination and documents required. We reply with availability, price and sample options.
